

ALL JUDGES, NO MATTER THE VENUE OF THEIR BENCH, ARE CONSIDERED FEDERAL JUDGES. AS SUCH THEY ARE ALL SUBJECT TO THE RULINGS & JUDGMENTS OF THE US SUPREME COURT, THE RULING CANONS & RULES OF LAW, THE STATE & US CONSTITUTIONS, & ADMINISTRATIVE PROCEDURES ACT, SECTION 12 - AND ALL WITHOUT EXCEPTION!

OR CONSIDERED, VIOLATING THE PETITIONER'S FREE WILLED CHOICE & NON-COERCED CONSENT, PURSUANT 28 USC 636 (b)(1)(B), (b)(3); MARK 12:27;

⑤ PRODUCE TO THE RECORD THE STATES OF THE TWELFTH JUDICIAL DISTRICT'S "LETTERS OF MARQUE & REPRISAL" SIGNED BY THE GOVERNOR OF NEW MEXICO ALLOWING THEM TO OPERATE OUTSIDE OF THEIR LEGISLATED OR DELEGATED AUTHORITIES IMPOSED BY BOTH THE US & STATE CONSTITUTIONS, OR TO OPERATE OUTSIDE THE BOUNDARIES OF 28 USC 636 (b)(1)(B), (b)(3); OR MARK 12:27;

⑥ PRODUCE TO THE RECORD THE STATES AND THE TWELFTH JUDICIAL DISTRICT'S LEGISLATIVE AUTHORITY TO ASSUME SUBJECT MATTER JURISDICTION: EVEN WHEN PUBLIC LAW 80-722, which allowed the US JUDICIARY to sentence individuals convicted of a crime to incarceration & imprisonment, was NEVER lawfully ratified by either the US HOUSE, OR US SENATE before it was set as an Act of LAW IN 1948. ⑦ Given all judges, no matter the bench where they serve, MUST be members

of the private, Foreign B.A.R. Association, as per 28 USC 636, and they draw their payrolls & benefits from the Federal Reserve Bank, all judges are subject to the prohibitions & constraints set by the US Constitution, 28 USC 636, and by ALL US Supreme Court decisions, rulings, and judgments without

power, hesitation, denial, delay, obstruction, and without EXCEPTION, and without Judicial Discretion, which is directly incident to Subject MATTER JURISDICTION! Without subject matter jurisdiction, Mr. Counts lacked the Judicial Discretion to practice law from the bench in entering a plea of "Not Guilty" for the Petitioner & to have practiced Medicine from the bench in his issuance of a "Commitment Order" for a Mental Health Exam of the Petitioner as a response to the Petitioner's Challenge to Mr. Counts assumed Jurisdiction, as per the Petitioner's rights under 28 USC 636, and his unlimited powers to conduct as authorized by the US Supreme Court's JUDGMENT over Hale v. Hunkel (1905)!

⑤ THE STATE & JUDICIARY HAVE FAILED TO PRODUCE TO THE RECORDS THE "WELLNESS REPORT" OF THE OCDC MENTAL HEALTH'S DR. DEETS ON OCTOBER 5, 2017, which satisfied Mr. Counts' Commitment Order & proving out the Petitioner's competency, yet, Mr. Counts has failed to rescind or strike the Commitment Order, which is Obstruction of Justice, and denial of the Petitioner's rights to Due Process under Law, and a clear overreach of Mr. Counts' legislated powers mandated under 28 USC 636 to produce evidence favoring the Petitioner. For Mr.

DA ESCHWEL HAS BEEN ALLOWED TO HAVE EV PAPER COMMUNICATIONS WITH JUDGE COUNTS IN HER PLEADINGS THAT THE PETITIONER BE HELD IN DETENTION UNTIL TRIAL WITHOUT BOND, WHICH IS TO DENY THE PETITIONER OF HIS RIGHTS TO WANT A DEFENSE AS THERE ARE NO FACILITIES OR LEGAL RESOURCES AVAILABLE AT THE CDC FOR THE PETITIONER TO DO SO!!

Counts to suppress Dr. Deet's "WELLNESS REPORT" IS CLEARLY SUPPRESSION OF EXCULPATORY EVIDENCE AND DISINTENTIONAL DELAYING OF THE PETITIONER'S "DAY IN COURT," WHICH GIVES THE PRO-SECUTORS MORE TIME TO CREATE, MASSAGE & PERFECT THEIR FALSE & FABRICATED CASE AGAINST THE PETITIONER, WHICH IS CLEARLY PROHIBITED UNDER 28 USC and a host of 18 USC violations pertaining to the DA's & the Court's obligations to produce any & all discovery information helpful to the PETITIONER!

⑨ The State and the private foreign judiciary representing the interests of the State have failed to produce or present a Superior CLAIM for which this US District Court could grant the remedies they seek, based on the US Supreme Court judgment over Habeas v. Heikel, where the Petitioner's rights pre-date those of the State or Judiciary, as his natural, unalienable, commercial, and constitutional rights "are long antecedent to the establishment of the State!" Any presumption to the contrary shall result in the charges of Contempt of the US Supreme Court, Obstruction of Justice, Abuse of Office, & Abuse of Power!

⑩ As previously mentioned, both the State & the private, foreign judiciary, representing the

State's interests in clear contractual law  
conflict with 28 USC 455, and the Judiciary's  
obligations to direct themselves of these  
glaring conflicts of interest before engaging  
the Riving Petitioner, or any other living creation  
of the Father, have yet to be addressed  
by the lower State District or Magistrate Courts as  
their being solid elements for the dismissal & discharge  
of the case against the Petitioner, if there ever  
needs to be any more reason to nullify & void  
this case beyond the basic interests of  
fairness and in the genuine pursuit of  
justice!

① With both the State & the private foreign  
judiciary re-presenting the interests of the  
State having failed to argue, protest, or  
rebut a single statement of Truth, let alone  
a full Affidavit of Truth, produced to the  
record by the Petitioner, they have acquiesced,  
and they have accepted & AGREED to both the  
facts & truths in evidence, and to the  
terms & conditions set forth in over 20 submissions  
by the Petitioner. ② With these AGREEMENTS,  
albeit Tacit in Nature, the State & the  
Judiciary have left the Battlefield in Dishonor  
and in DEFAULT, Leaving this US District  
Court the single task of performing a  
"Legal analysis" of the facts and "a recommended

The Malfeasance is misdeed at Dr Esquilb during the Grand Jury hearing was inevitable, as she denied the Petitioner his right of hearing the Grand Jury Foreman of specific documents showing exculpatory evidence that would have exonerated the Petitioner acquitted the Petitioner of any wrongdoing AND for Esquilb putting the Petitioner into a situation of Double Jeopardy of having to answer for an earlier 2002 conviction.

disposition," as in granting the Petitioner his Summary Judgment, not on the pleadings but on the fact that there is Agreement between the parties, and there is no need for judicial arbitration or adjudication to preserve maintain, protect, or to safeguard the Petitioner's life, properties, or his natural & unalienable rights of common practice in or for his self defense of same! This includes any arbitrary decision or ruling of convening a Hearing on the Matter, as such hearings would exceed the subject matter jurisdiction of this Court in forcing the Petitioner to appear as the Corporate Personna known as the "Plaintiff." The Petitioner, a Living born man, does Not Consent to filling this Corporate Office with his flesh & bone, and there exists no Legislative Act that could force him into such a Contract not of his making, or not of his benefit!

(13) This US District Court is left, then, with fulfilling its fiduciary obligations & duties in recognizing the Petitioner as the stand-alone Victor over the lower State District & Magistrate Courts and to admonish, sanction, and penalize the State & 12th Judicial officers for their egregious failures and for their conspiring & colluding amongst themselves to bring harm & injury

In Summary: The Petitioner is grateful to  
this US District Court for opening its doors  
to this important case. The issues herein  
described affect millions of Americans, and  
US Veterans in particular.

As a "Fraud Stopper," this Petitioner's work  
was responsible for Freedom Mortgage being called  
out by the VA for its destructive frauds against  
Veterans. The Petitioner's case led the way to a  
\$118 Million Settlement with Freedom Mortgage in  
May of 2017. Inasmuch, the Petitioner is  
not only released to his freedom from the  
State & Judiciary's forced captivity, he is  
entitled to his full relief & remedy he is due  
under law. This includes a 10% Finder's Fee  
from the VA's settlement over Freedom Mortgage  
and a \$300 Million Settlement against the  
State, the 12th Judicial, and Store County!!

It is so, and so it shall be!!

### Affidavit & Petition

The following statements of facts have all gone unprotected & unrebuted by both the State & the private Twelfth Judicial District, and by Otava County, which has resulted in their Acceptance & Agreement to the facts & truths in evidence, and to the Terms & Conditions set forth in all of the Petitioner's Commercial Affidavits, Petitions, Notices, Writ of Error, and Writs of Habeas Corpus.

1. Having held the Battlefield in Commercial Dishonor & default, neither the State, the 12<sup>th</sup> Judicial District, or Otava County should be allowed to enter any further complaint, argument, objection, or rebuttal in this upper court case, other than to issue a full Public Apology to the Petitioner and to the officers of this US District Court for having DisHONORE & embarrassed the US Judiciary in ways unimaginable.

2. Agents Hunter & Sanchez remain alive today by the Mercy & Grace of God and the Petitioner, as the Petitioner had every right under the Son to take their lives while honorably defending his own life. Rather than criminalizing the Petitioner's conduct, behavior & actions, Hunter & Sanchez need to be thanking the Petitioner & God for their lives, as both should have & would have been killed for their arrogance, stupidity, disrespect,

and their adrenaline (drug) induced self-importance and belligerence!

3. Neither the State or the 12<sup>th</sup> Judicial District, or Otter County has a valid, legitimate, or enforceable CONTRACT with the Petitioner, when after 49 Days, as they lack the Free Will & knowledgeable Consent of the Petitioner, and they have yet to produce a true & genuine Wet-ink signed & stamped Arrest Warrant under Colorado, reduced to writing (II Amendment), their Oath of Office, their Bonds, Insurance, Certificates of Liability, their ID Badges, and the Videogram footage as being the exemplary evidence that would & could exonerate & acquit the Petitioner of all wrongdoing. - It was a felony offense for these individuals to have conspired & colluded to criminally trespass onto the Petitioner's private property to brutally assault him, kidnap him, transport him, detain & arrest him, and to have held in unlawful captivity for the last 49 Days & counting!

4. The State & the Twelfth Judicial District Agents & officers have, by their Silence & Acquiescence have Accepted & Agreed to the facts being true & correct, and to the Terms & Conditions expressed in writing by the Petitioner. These Terms & Conditions include, but are Not Limited

The True & genuine Domestic Perverts are those who are law enforcement agents, believing they have the ultimate answer to all problems, and that answer is worn on their belts, and they are guided by what is below their belts. Testosterone! Adrenaline are law enforcers drugs of choice!

to; full relief, remedy, and compensation for his injuries & damages sustained from Hunter, Sanchez, Esquivel, Walsh, House, Counts, Blankenship, Newton, and all others so engaged against the Politicians, at the rate of \$1086. per minute for each & every minute of his false arrest & wrongful imprisonment, and all fees, fines & sanctions available under 18 USC 3771, 18 USC 241 & 242; 42 USC 1893 & 1895(3); and 15 USC 1 & 2, Plus TORT DAMAGES OF 3X'S for each & every COUNT & offense per count & per person!!

5. This US District Court, or the Magistrate Court is under no obligation to convene a hearing on the evidence, as there is NO argument or dispute from the State, the Judiciary, or from Chero County, as to what the evidence is and what the evidence says! The Petitioner, standing his rights, injured no one! With no injury, there can be no crime! With no crime, there can be no form of Law or liability imposed by any officer of the State or the private Judiciary. The State, nor the Judiciary, can lawfully claim any injury! Only the Petitioner can lawfully claim injury!!

— The Petitioner, then, cannot; will not, under 28 USC 636, give this US District Court his power

without & knowledgeable consent to any voluntarily  
bearing where the State, the Judiciary, or  
opposing counsel is allowed to return to the  
Ballfield as if they had never left!!

6. The Petitioner will also OBJECT on & for  
the Record, to a "Legal Analysis" by the  
Magistrate being the core perspective of any  
"Ultimate disposition of the case," as such  
an "analysis" would perpetuate the evidence  
and taint the record against the Petitioner;  
knowing that the term "Legal" means "the  
undoing of God's Law's," as defined by the  
Encyclopaedia Britannica, Arts & Sciences Dictionary  
(1894). — If "Legal Analysis," then, would  
automatically deny, obstruct, and subvert the  
Petitioner's religious & political beliefs as  
protected under the I, VIII, IX, & X  
Amendment prohibitions & constraints.

7. As much as the Petitioner is grateful to  
Judge Robert C. Burke and Judge Gregory J.  
Fournell for their attendance to these vital  
matters, the Petitioner would ask that the  
"opportunity" for the opposing parties to  
object to the facts & truths has come & gone,  
when the opposing counsel failed to protest,  
argue, or rebut the findings of facts in evidence.

to begin with. Not to be redundant, but when the State & Judiciary accepted & Agreed to the Petitioner's Affidavits through their SILENCE, and where the US Supreme Court has, on multiple occasions, equated SILENCE with FRAUD, when a party has a duty & obligation to respond, but they refuse to do so!! As the US Supreme Court ruled in those cases, "Silence of this kind and Fraud of this Nature, will Not be tolerated by this, or any other court of Law!"

This Petitioner & Affiant yields only to the truths & facts clearly in evidence on the record, as the Court is the record of its entries & submissions, and all Clerks of Court are charged with maintaining & preserving the honor, character, integrity, and the decorum of the court, and where only the facts & truths shall prevail as all other fictions, notions, and fabrications must FAIL!!

It is so, & so it shall be, on this, the 48<sup>th</sup> Day of cruel & unusual punishment away from my wife & family.

May God have Mercy & grace upon the Souls of those who enslave & punish for prize & profit, for as surely as the Sow will set, their treasures shall be lost at sea!!

### More Facts Not Denied!

1. State & Judiciary have not brought official notice of their actions in a lawful arrangement in 48 Days from the Petitioner's False Arrest.
2. DA has not produced a Bill of Particulars, as in all information that would be helpful in his exoneration and acquittal.
3. Neither Judge Blankenship, Judge Newton, or Judge Goolsby, have produced their Legislative Authority, their Oaths, their Bonds, or their Insurance, that would give them subject matter jurisdiction over the living Hoffman/Petitioner.
4. Neither the state or the judiciary representing the interests of the state, have submitted any Superior Claim of Entitlement or Consensus that would allow them jurisdiction over the Petitioner without his freely-willed & knowledgeable Consent, as per 28 USC 636!
5. State District Court & Apposing Counsel refuses to allow Petitioner to proceed as Pro Se Litigant and has deprived the Petitioner his rights to file his own Habeas Corpus and they continue with Ex parte hearings & communications in clear violation of 28 USC 636!
6. State & Judiciary have accepted & Agreed to Release the Petitioner & provide him his full relief & remedy as he is due under Law!! — This is FINAL!!
